Web Development Project User Stories			
#	As a/an	I want to...	so that...
1	local	know what the open hours are	I know when I can stop by.
2	local	know where I can order online	I can order food when it's inconvienient for travel.
3	tourist	know what others think of the place	I can see if it's worth the time to go visit.
4	newcomer	know what they have on their menu	I can plan what to order when I get there.
5	newcomer	know the prices of foods	I can budget accordingly.
6	traveler	know what locations do they have	I can see where I can find this restaurant.
7	reporter	know where I can contact the organization	I can schedule an interview.
